

CHEMISTRY SCHEDULE FOR WEEK 11-16 TO 11-20

MONDAY (C)

Polarity Lab. Pg 245 in your textbook. You'll need filter paper and food dye and toothpicks. Answer all the questions but not the "you are the chemist" questions.

TUESDAY (A) AND WEDNESDAY (B)

Yucky naming worksheet.

Finish Polarity Lab.

Learn how to light and service a Bunsen Burner.

H.W: Read ch 9 pp 253 -273

And do Questions 1-33 all.

THURSDAY (A) AND FRIDAY (B)

BIG CHEMISTRY LAB DAY. Learn how to blow the water out of an Ionic Compound.

Get your test back. Hope you did well.

Turn in questions 1-33 all.

Bring 100 paper clips (all same size) next time. I'll give you some extra credit.
